DECK CLEARED TO AID REGISTRANTS

Nothing in Court Will be Allowed to Interfere With Work of Legal Advisory Board

MANY CASES ARE CONTINUED

Last Increment of First Quota From County May be Sent After New Classification

Attention Registrants

When you receive your Questionnaire, come to the Court Room, as soon as you can, if you desire the assistance of the Legal Board, which will be cheerfully given without charge.

This Legal Advisory Board will be in continuous session each day from 8:30 a. m. until 5 p. m. and from 7 p. m. until 9 p. m. The night session will be held in the Sheriff's Office.

You must bring your Questionnaire with you. Be ready to answer the following questions:

When were you married and by whom?

How much tax did you pay this year on land?

How much tax did you pay this year on personal property?

It is very necessary that registrants be prompt in reporting, and not wait until near the end of your seven days, because at that time we may be crowded that we can not assign you. Your Questionnaire must be completed, signed and filed, within seven days, or you will be placed in Class 1. It may be filed sooner, so do not take any chances but report to the Legal Board at once.

WILL M. SPARKS.

DONALD L. SMITH

C. W. DUNCAN—

Legal Advisory Board.

The decks have been cleared in circuit court for the work of legal advisory board created by the new selective conscription law regulations. The board and helpers, most of them attorneys, will begin its sessions next Monday morning, and Judge Will M. Sparks, chairman of the board, has arranged it so nothing will interfere with the board while it is engaged in its duties of helping registrants under the conscription act fill out their questionnaires, which are for the purpose of providing information so that the selection board can place registrants in one of five classes under the regulations.

A case set down for trial Monday has been discontinued and nearly every other suit which had been set for trial in the near future has been disposed of in some way. The board will be in session each day in the court room until the time has expired for registrants to return their questionnaires. The night sessions of the board will be in the sheriff's office of the court house, beginning at seven o'clock.

The last thirty-five per cent of the first quota has never been called to the cantonment and the Rush county selection board does not believe that they will be called before the registrants are classified according to the new regulations. In that event, according to the new regulations, the men who now compose the remaining thirty-five per cent would not be called, but the required number would be taken from class one to fill out the quota.

The main reason for the board believing that the last increment of the quota will not be called before the classification is finished is the fact that enough men are enlisting right now to keep the army authorities busy for some time equipping them. This is sure to cause further delay in calling the last increment.

The question of credit for enlistments is also another thing which is not settled by the new regulations.

PLACE OF RECITAL CHANGED

Program by Nicholas Vachel Lindsay at Court House

The recital to be given this evening by Nicholas Vachel Lindsay, poet, will be at the assembly room of the court house instead of at the Social Club as was at first announced. The change has been made because the assembly can be heated more comfortably. The program will begin at eight o'clock. There will be no admission but a silver offering will be taken for Red Cross.

GLOVE CO. BUYS THE BUILDING IT OCCUPIES

Will Erect Addition in Spring Which Will Accommodate Force of From 125 to 150

NOW EMPLOYING 65 PERSONS

The Rushville Glove company today announced the purchase of the building in which the company is now located from the Pinnell-Tompkins Lumber company. The consideration was not stated.

The glove company authorized the statement today that an addition to the building will be erected in the spring which will accommodate a working force of from one hundred and twenty-five to one hundred and fifty. The company is only employing sixty-five persons now, which reveals that the force will be almost doubled when the new addition is completed.

This puts the glove company definitely out of the running as a bidder on the Modern Appliance company plant, which will be sold at trustee in bankruptcy sale next Wednesday. The glove company had considered purchasing the building.

ELLIOTT IS PUT ON SUFFRAGE COMMITTEE

Congressman From This District Will Support Amendment, as Will Senator Watson

ELLIOTT IN AN INTERVIEW

Congressman Richard N. Elliott of Connersville, representative of this district in congress, has been placed on the women's suffrage committee of the house. He is quoted in Washington dispatches as being favorable to women's suffrage and the suffragists are rejoiced that he has been made a member of the committee.

A conference of the Indiana delegation was held recently in Washington to get the opinions of representatives and senators regarding the suffrage amendment. All but two were found to be favorable. Senator James E. Watson could not be present, but sent word he would support the amendment.

"Experience in my own family," Representative Elliott said, "early in life made me a suffragist; when I was thirteen years of age, my father fell ill and remained so for five years. My mother and I took care of the family. My father held one political faith and my mother another. It always seemed to me that my mother had the best of the argument. Many of my clients have been women of excellent business judgment; their ideas on social and economic problems were just as sound as mine or any other man's. I will vote for the federal amendment. I understand there has been some reference to giving the vote to the colored women of Georgia. The colored race was brought to Georgia by white men through no fault of their own. If the granting of the ballot to these colored women of the south will help to relieve their condition. God grant they may have it."

OLD LOG HOUSE GOES IN FLAMES

Property Owned by Theodore Abercrombie Burns Completely Down Yesterday Afternoon

ORIGIN OF FIRE IS UNKNOWN

Mr. and Mrs. Wright Living in House Gone For Day—Left No Fires In Morning

The oldest house in this part of the county burned completely down yesterday afternoon at 5 o'clock when the property owned by Theodore Abercrombie Sr., in North Main street in which Mr. and Mrs. David Wright had been living caught on fire from an unknown origin. Mr. and Mrs. Wright had been gone all day and when they returned in the evening, they found the fire department fighting the flames which blazed up very quickly because of the heavy logs of which the house had been built about 90 years ago. When Mr. and Mrs. Wright left in the morning, the former going hunting and the latter going to the home of her father for the day, they say they left no gas burning and if there was any fire at all in the house it was a few coals in a sheet iron stove in the kitchen, and they were almost out.

Two men passing the house at about 4:45 first saw the blaze on the back of the place and immediately phoned for the fire department. When the department reached there the entire place was in flames. With the chemicals, however, they succeeded in saving a small building near the house and a three thousand dollar barn on which the coals from the flames were blowing constantly. The insurance on the house was \$500. Some of the furniture in the house was saved but all of the kitchen furniture and clothing was lost. An unfortunate circumstance was that Mr. Wright had just finished buying Christmas presents for his family of clothing and all of the new garments were burned.

The fire wagon was called by phone to Tenth and Perkins streets and was delayed in reaching the fire by being called to the wrong address. However, the chemical truck did all that could have been done under the circumstances by saving the out building and barn.

BULLETIN

(By United Press.)

London, Dec. 14.—Full agreement with President Wilson in the war aim was emphatically declared by Premier Lloyd George of England today.

The Premier declared: "The government fully agrees with President Wilson's speech. We are now at the half way house between victory and defeat. Germany is desperately endeavoring to force an issue before America is ready. She will not succeed."

CONGRESS TO ADJOURN

Shield's Water Power Bill Is Passed by Senate.

(By United Press.)

Washington, Dec. 14.—Congress will adjourn for the annual Christmas vacation, Tuesday under the tentative agreement by leaders made today.

Senate passed Shield's water power bill was passed today with a vote of 46 to 18.

Carrying a total of \$331,000,000, the postoffice appraisers bill passed the house viva voce.

CROWDS THROG WAR SESSIONS

Thousands Attend Second Meeting of First Indiana War Conference at Capital

TRAINS DETAIN CREEL

Vice-President Marshall Fails to Arrive in Time to Make Address At Session

Indianapolis, Dec. 14.—Thousands of war workers crowded at the second meeting of the Indiana war conference today. George Creel was to have spoken at the Indiana Educational conference, but was unable to be present on account of the delay of the train.

G. I. Christie, State Food Administrator addressed the conference on "Value of Food Products." He stated that 500,000 war gardens in the state totaled \$10,000,000. The number of gardens and the value of the crops this year was three times as great as that of last year.

Thomas R. Marshall, vice-president of the United States, failed to arrive in Indianapolis from Washington in time to address a general session of the state war conference at Tomlinson hall, Thursday night. He started from Washington at 6 o'clock Wednesday evening and should have arrived at noon, the following day. But, owing to storms and the cold weather, his train was delayed until it was past the hour for the Thursday night meeting to close. The vice-president was on the program as the principal speaker.

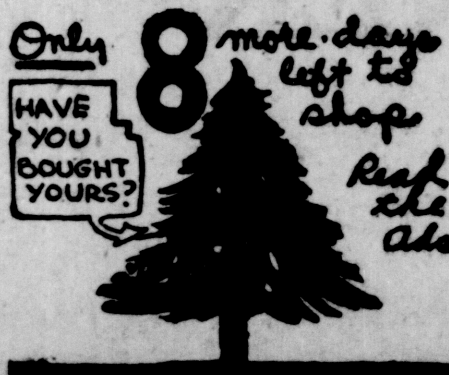

Lieutenant Paul Perigord, of the French army, who spoke at the meeting, made an address that thrilled the big audience with its patriotic appeal to Americans to help defeat the Teutonic allies and make the world safe for democracy.

The lieutenant and Samuel M. Ralston, formerly Governor of Indiana, who served as chairman of the meeting instead of Judge Albert B. Anderson of the United States district court, who also was unable to reach the city in time for the meeting, paid high tribute to President Wilson as the leader of the American nation in the present crisis. Both sounded a warning against the seditious propaganda of those who would sow the seed of disloyalty among Americans.

At both the first general session in the afternoon and at the night gathering there was a great outpouring of the patriotic people of Indianapolis and Indiana to join in the movement to decide on how best to work and what best to do to help win the conflict. If there had at any time been a doubt in the mind of any as to the success of the conference it no longer could exist after the two great gatherings.

Persons were present from probably every county in the state, but the bad weather and interrupted train service, due to storms and cold weather, kept many away who had intended coming. More than 1,100 members of county councils of defense throughout the state had made reservations of seats.

The naval band of 250 pieces from the Great Lakes naval training station, near Chicago, gave a concert program under the direction of John Philip Sousa before the opening of the meeting, arousing the audience to a high pitch of enthusiasm. The musical program was like those of the forenoon and afternoon—Sousa music—such as no other band in the country plays.

FIRST U. S. FLYER FALLS

First News Telling of American Flyers Engaged in Fight

(By United Press.)

Paris, Dec. 14.—Lieutenant Walcott, 21, of Washington, D. C., fell in his first air flight Tuesday. It is feared he was killed. Young Walcott, who is a successful flyer, brought down his adversary on the first aerial flight.

Lieutenant Walcott was the son of Secretary Charles B. Walcott of the Smithsonian Institute. This is the first news telling of the engagement involving the American fliers in France.

GERMAN NEWSPAPERS SHOW GREAT HOPES

Based on Russian Armistice and Offensive in West People Show Confidence.

EXTRACTS FROM PAPERS

(By United Press.)

London, Dec. 14.—A generally increased confidence in Germany, based on the Russian armistice and other obvious factors, is shown in extracts from the latest German newspapers, telegraphed from Holland. Travelers arriving in Holland from Germany are quoted as saying that the German people are building great hopes on a great offensive in the west, which is regarded as certainly impending. Major Moraht, a newspaper critic, predicting such a move, writes in the Tageblatt:

"Whenever Germany's supreme war lord or Field Marshal von Hindenburg promised our Austro-Hungarian allies assistance against Russia's mighty forces, it has been

WARMER WEATHER PROMISED SOON

Weather Forecast Shows Warmer For Tomorrow Although Colder Tonight

NO COAL IN THE CITY, NOW

The prediction of the weather man of "Saturday cloudy and warmer" offers some relief for the situation which might be critical otherwise since not a coal dealer in the city has any coal. Although the prediction for tonight is fair and colder, tomorrow's weather forecast indicates that the severe cold wave will not pass over this part of the state. The only coal in sight is that billed for Reed and Son which has been ordered by County Fuel Administrator Samuel Trabue. Three cars have been promised and are expected at any time although under present conditions, this is rather indefinite.

A local coal dealer who visited in Cincinnati yesterday endeavoring to get coal, states that he believes it will be impossible to get anything out Indiana coal here until the weather moderates. The reason for this is that the water in the river is frozen and the ice has massed against the coal barges which are bringing the coal from the mines down the river. As a result the barges are being crushed and immense quantities of coal are going down into the river bottom. Another problem that is preventing local coal men from obtaining coal is the shortage of engines. Empty freight cars are at disposal of the majority of the wholesale coal dealers but it is impossible to get engines to pull them.

J. V. Young, township trustee, reports that he has had a number of calls from persons needing fuel. Until lately when there has been absolutely no coal, he has been able to care for the calls.

FLAG IN EACH HOME XMAS EVE

Workers For Red Cross Membership Drive Want Every Home Represented in Red Cross

SERVICE FLAGS ARE GIVEN

Sunday to be Red Cross Day With Mass Meeting in Evening at Baptist Church

The true Christmas spirit exemplified by having a Red Cross service flag hanging in the window of every Rush county home on Christmas eve is the aim toward which the campaign workers for the Red Cross membership drive to occupy the week preceding Christmas are striving. These flags will be passed out on Christmas eve with a cross for every member belonging to the society and a cross within the large red center cross when every member of the family belongs.

To carry on the work of canvassing the entire county, committees and canvassers have been appointed by A. L. Riggs, county chairman for the drive. These canvassers include men to canvass every block in the city, women to canvass the town, workers in each club and organization and men to work in the factories and large concerns in the city.

Red Cross Sunday will be observed on next Sunday, culminating in a mass meeting at night in the First Baptist church. This was decided on this morning by the ministers at the meeting of the ministerial association. The program will be arranged by E. B. Thomas, chairman of Red Cross, and Dr. D. Ira Lambert, president of the ministerial association. It will include talks by prominent Red Cross workers and some of those who have attended the war conference in Indianapolis. In the afternoon at 1:30 o'clock there will be a meeting at the St. Paul's M. E. church, when all of the workers appointed to aid in the drive are urged to be present to make final plans for canvassing the county.

The city has been divided into districts by blocks and the man appointed at the head of each block is to canvass, or get helpers to do, all of the homes on the four corners of the square. The township workers appointed may also get helpers and canvass the road district to which they are assigned.

The women appointed to canvass the town are those that worked in the former drive and are asked to cover the same territory they did before as are the lodge workers.

The names of a part of the canvassers follow. The remaining ones those who are assigned the duty of covering the town by blocks will appear in tomorrow's issue.

officers are Indiana and Kentucky men, including several from Indianapolis, who were commissioned at the first officers training camp at Fort Harrison.

All of the unassigned reserve officers who have been here since their transfer from Camp Zachary Taylor in September were transferred to the National Guard and assigned to permanent posts in the Thirty-eighth Division, most of the men having been attached for service to the companies and batteries to which they are now assigned.

Four Indiana men died of pneumonia at the base hospital today.

They are Chester E. Dubers of Lafayette, Company E, One Hundred and Fifty-first Infantry; Charles O. Brown of Monon, Ind., Company B, One Hundred and Fifty-first Infantry; Everett E. Krouse of Culver, Ind., Second Company, motor section, One Hundred and Thirtieth Ammunition Train, and Basil R. Chapman, Company I, One Hundred and Fifty-second Infantry, Colman Butler, Company No. 2, One Hundred and Thirtieth Supply Train, a drafted man sent here from Camp Taylor, died of blood poisoning. Brown and Dubers also were drafted men.

Physicians at the base hospital assert that the cold weather has hastened the death of several of the troops who have been hopelessly ill for several days. Most of the cases of pneumonia developed after attacks of measles.

The members of the Grand club spent a delightful afternoon yesterday at the home of Mrs. T. H. Reed in North Main street. The meeting was an unusually pleasant one as it was the last to be held this year. Bridge made a lively diversion for the coterie of ladies and the hostess served elegant refreshments.

NEW WAR BREAD NOW ON MARKET

Although Government Formula is Carefully Followed—Little Difference in Taste

CONSERVES SUGAR AND FATS

People Co-Operate on Wheatless Days in Willingly Buying Other Kinds of Bread

War bread is now being sold by Rushville bread dealers and patrons say they can notice very little difference between it and the bread which has been sold before it. The difference in the making is that it follows exactly the government formula which is made for the purpose of conserving fats and sugar. No price has been set yet for the sale of bread locally and the set prices refer only to wholesale houses in cities and the sale price to retailers.

At the bakeries the same price for the loaves is being charged although the loaves weigh more. According to the formula, loaves made of wheat flour must weigh 18 ounces before they are baked and 16 ounces after having been baked for 12 hours. This loaf is being sold for ten cents. The loaf which weighs 24 ounces after it is baked 12 hours and weighed 25½ ounces before it was baked is being sold for 15 cents. Rye bread weighing 16 ounces is being sold for ten cents. Boston brown bread is not sold by weight but is a favorite on wheatless days and is made of rye flour, corn meal, bran and Graham flour.

At the groceries there is a slight change in the prices of bread. The loaves of white bread, which were sold two for fifteen cents, now weigh four ounces more and are sold at nine instead of eight cents a loaf. The loaves sold for ten cents at the groceries are those made of rye, flour, Graham flour, raisin bread and other breads not containing white flour. The loaf sold for thirteen cents is a milk bread and large in size.

Although making Wednesday a wheatless day has not been made into a law, one of the local bakeries is observing it to the letter and does not make any bread from white flour on that day. Brown bread, corn bread and rye bread are all on sale instead, and the co-operation of the public in making the day wheatless is proven in the sales from this one concern. The clerks in the bakery report that very few if any persons object to buying other than wheat bread on that day.

Wednesday's sales were 365 loaves of rye bread, 400 rye rolls, 36 loaves of Boston Brown bread and a large amount of corn bread.

This of course is aside from the patronage of the other bakeries and groceries but proves that local

persons are willing to aid in the conservation of wheat flour. The rulings on the making of cakes has not been passed but is expected at any time. Already bakeries are forbidden to make the articles that demand sweet dough.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid." For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. ROBERTS, 917 Cottage Ave.

Chance to Express Xmas Spirit

The American Red Cross, in a special drive beginning Monday next, will endeavor to add ten million new members to its roster before Christmas, making a total membership in the United States of fifteen millions.

It should not be necessary for canvassers to call upon people in their homes to solicit members for the Red Cross. It is the duty of every patriotic citizen to join this humanitarian organization, thereby contributing some thing to the alleviation of human suffering, which is filling the world with sorrow, at this Christmas time.

Christmas giving is a beautiful thought, and is usually inspired by noble sentiments, but there is frequently much giving of useless gifts, because it is the custom to make presents on the recurrence of the anniversary of Him who declared "peace and earth and good will to men." But this year, when the tragedy of a world war broods over the earth, filling the hearts of millions with sorrow, increasing the demands for charity and the alleviation of human suffering, the list for Christmas giving should be revived. Let your contribution to the Red Cross head the list, and you will have the satisfaction of knowing that your gift will aid some soldier, or his family. The spirit of Christmas should be encouraged and maintained, but it should this year find expression in patriotic and humanitarian, rather than sentimental giving.

The cost of raising the Red Cross war fund last June was a fraction above one-half of one per cent of the total, \$119,000,000 raised, according to the semi-annual report of the War Council just issued. The American Red Cross is getting \$1.02 worth of work from every dollar contributed. This is made possible, he says, through volunteer executives and a close system of interest with the banks.

Fifty cents off each \$1 or annual Red Cross membership received by the local chapter in its drive next week will be kept for the chapter's work. The rest goes to headquarters.

Early Shoppers Get First Choice

TO THE MOTHER

By Edgar Rice Burroughs.

One Saturday afternoon a boy in uniform came up to Chicago from Camp Grant, on leave. It may be that he was your boy—I do not know. He was a stranger in Chicago. He went to a movie show and then he walked the streets searching for something, for anything to relieve the gnawing ache of the homesickness in his heart. He could not enter a saloon and to drink if he had so desired, for he was in uniform; but there were other, more alluring, deadlier forms of vice that were not denied him. They offered him human companionship and a substitute for love—however sordid and mercenary a substitute it might be.

He stood on a street corner and watched thousands pass, and never in all his life before had he felt so alone and lonely.

Then a woman accosted him. She was a handsome, well-dressed woman, and she averted the boy a little, so that he shuffled his feet, and stammered, and blushed, but he went with her. They boarded a car together and went to her home. The boy thought it quite the most beautiful place he had ever seen. The woman called a young girl down from an upper floor. "This is my daughter," she said, as she introduced the boy, "and I want you to come in here now and meet my husband. Our only son is in France. There is nothing that we can do that we would not do for any boy who wears that uniform. The French mothers have been good to my boy, so, if for no other reason, I could not do less than be good to the boys of my own country."

They kept him for dinner that night, and all night and all day Sunday until his train left for Rockford. He went to the movies with them, and to church, and for an automobile ride, and now he goes there whenever he is on leave.

Suppose another sort of woman had accosted him?—and may be he was your boy. You can do the same for some other boy in uniform. You can open your home to him. You can save him for his country as surely as that other woman saved the boy in Chicago. And you can send him on to France with a realization, based on your actions rather than upon words, that all America honors "the sacred cloth" in which he marches forth to battle, and perhaps to die, for you and yours and for me and mine. Association with these boys will elevate you and your daughters as much as it will the boys, for while it keeps them from evil, it will inspire you with the high ideals which dominate the men of the National army.

"TEN DEMANDMENTS" OF BUSINESS

Up in Canada there is a successful business concern that expects, as most successful concerns do, that every employee shall do his full duty. To assist him in the task that concerns places conspicuously before him these "Ten Demandments":

1. Don't lie. It wastes my time and yours. I am sure to catch you in the end, and that is the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short; and a short day's work makes my face long.
3. Give me more than I expect and I will give you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself you cannot afford to owe anybody else. Keep out of debt or keep out of my shop.
5. Dishonesty is never an accident. Good men, like good women, never see temptation when they meet it.
6. Mind your own business, and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.
8. It is none of my business what you do at night. But if dissipation affects what you do the next day, and you do half as much as I demand, you'll last half as long as you hoped.
9. Don't tell me what I'd like to hear, but what I ought to hear. I don't want a valet to my vanity, but one for my dollars.
10. Don't kick if I kick. If you're worth while correcting you're worth while keeping. I don't waste time cutting specks out of rotten apples.

The Ruling Passion.

"I'm sorry, Rollo," said the young woman, gently, "but I fear that you must not hope. I am fond of you, but we can never marry. You see—"

"Yes, I see!" he interrupted bitterly. "You cannot marry me because I weigh 200 pounds. Nobody loves a fat man!"

And with this quotation he strode forth into the night.

But there is always a Chapter II. Three weeks later our hero again stood in the presence of our heroine.

"I have come back to renew my suit," he said.

"But, Rollo, did I not tell you that it was hopeless?"

"Wait! Do not spurn me till you know all. I have been taking a gymnasium course. Today I am a bargain. I am reduced from 200 to 198!"

Unable to withstand the great slash in values she fell into his arms.—Cleveland Leader.

RUSHVILLE FIVE IS FACING A HARD GAME

High School Basketball Team Will
Meet Bloomington High School
Saturday

ONE OF STRONGEST IN STATE

Rushville high school is facing the hardest game of the season so far when it meets Bloomington high school here Saturday night at eight o'clock at the Graham Annex gymnasium. Coming from a college town, the seat of Indiana University, the Bloomington high school quintet is much feared by high school fives all over the state.

Rushville has had the misfortune to have to change coaches during the middle of the season, but it is believed that the new coach, E. E. Owens, is equal to the task of keeping the quintet going at the pace which it struck early in the season.

The team has lost only one game, that to Shelbyville and all basketball fans are pulling for victories all of the rest of the year.

No Food Takes Place of Potato, Says Department of Agriculture Bulletin

"There is no food which exactly takes the place of the potato when one is accustomed to it," says a statement issued by the United States department of agriculture, urging an in- creased consumption of this vegetable, now that the markets of the country are well supplied.

"It has come to be such a part of our dinner that we miss it when it is not served. Besides, any left-over po- tato can be used in many very palat- able ways for breakfast or supper, and this is a convenience from the housekeeper's standpoint, since it helps her to make palatable meals. Not only is it useful from the ease with which it can be prepared and the number of palatable ways in which it can be served, but it is very important for the food material it supplies. It is one of the most wholesome sources of starch, and is also fairly rich in the mineral matter which the body needs. Of the mineral salts one must not overlook the importance of the mild alkaline salts it contains, because these are greatly needed by the body to counterbalance the acid salts which meats and eggs produce when assim- ilated. In this we have a justification of the use of potatoes in the diet in liberal quantities and of our common custom of serving them with meats. When the price permits potatoes should by all means be made a part of the diet."

Wise and Otherwise

Two heads are better than a dozen—in a love affair.

If a man's really fond of music he seldom tries to sing.

Holidays are more pleasant in contemplation than in fact.

A wise man doesn't lie—neither does he tell all the truth he knows.

A girl can love almost any man her parents are willing to object to.

It's a wise proverb that con- tains half the wisdom it is sup- posed to contain.

Because you believe a thing doesn't indicate that you regard it as a positive fact.

It is easy for a woman to look out for herself—if there is a window in the room she occu- pies.

Many Thousands of Horses and Mules Are Used in War.

Despite the fact that the great war is being waged largely by means of mechanical devices, horses and mules have played an important part in it. Up to the present time, says Popular Science Monthly, 920,000 horses and 330,000 mules have been sent to the theater of war from the United States. The value of the horses which have been exported is 194,000,000, and of mules \$66,000,000.

The number of mules being sent to the war is increasing from year to year. The sagacity of the mule makes him very valuable in war work. Most of the horses and mules shipped from this country go directly to France. Others are sent to Great Britain and Canada and a few to some of the other European countries.

Get Wax From Trees.

From prehistoric time the Indians of Ecuador have utilized a wax found on certain species of tall palms for making candles, writes Frederic W. Goding, United States consul general at Guayaquil. This wax occurs on the tree trunks in granular form, each tree furnishing 50 pounds. The trees grow in great numbers on the moun- tains along the coast. Mr. Goding has sent a sample of the wax to the de- partment of commerce, saying from 15 to 20 tons a month of it can be sup- plied.

Safety Pins Needed.

Mrs. E. Roscoe Matthews, a New Yorker, who has returned from France, where she was enabled to see the American troops near the front line trenches, told of some special needs of our soldiers.

Among the chief are safety pins and chewing gum, knitted body scarfs of sufficient length to wind around three times, and, if possible, rubber coats.

The safety pin, it seems, is of prime importance, as being the only prac- tical device for fastening various ar- ticles of apparel from which buttons have been flying ever since the Amer- ican troops reached France.

As It's Done in the Army.

A captain, returning to camp at night with his family, was challenged by a slightly intoxicated sentry.

"Halt! Who's there?"

"Captain Smith and family."

"Captain Smith—advance and be recognized. Mrs. Smith and baby—mark time. The pup—at ease."

And then the corporal of the guard placed the sentry "at rest."

In an atmosphere of patriotism one hundred members of the Knights of Columbus gathered in the halls of the order in West Second street for their banquet last night. Talks following the banquet were of a patriotic nature and the members of the order cheered loudly as Paul Lagrange sang "La Marseillaise" in the French language. The delightful banquet was brought to a close with the men standing and singing "America."

American flags and the large service flag bearing eleven stars were the decorations for the affair. An elegant two course turkey dinner was served after which the toast list and musical program was given. The duty of the men at home was the theme of the excellent talk given by Judge Douglas Morris and their responsibility in backing up the men who had gone to the front was emphasized.

"The Innocent Bystander," was the subject on which Father Francis of Greensburg gave a talk. He praised the eleven members of the order who had joined the colors. Omer Collier spoke for the chapter in his talk on "Rushville Council of K. of C." and Father Lyons gave a clever impromptu talk. A H. Schriebe, as toastmaster, appropriately introduced each of the speakers.

The musical numbers were also a feature of the program. Francis Coyne sang a beautiful solo, "At Dawning." Mr. Lagrange sang, "La Marseillaise" and "Goodbye." A quartette composed of Mr. and Mrs. Lagrange, Mrs. Fred Gale and Mark Purcell sang two beautiful numbers, "On to the Battle," and "Softly and Splendidly." Miss Jennie Madden accompanied the singers.

About twelve members of the Psi Iota Xi were entertained by Mrs. Allen T. Blackledge last evening.

Plans were discussed for the annual Christmas party which the girls always give in honor of the college girls, who come home for the holidays. The place has not been set, but the affair will probably be Friday, December 28. The Red Cross Seal campaign was further discussed and girls appointed, who will sell the seals at the postoffice next week. Mrs. Blackledge served an elegant luncheon at the close of the evening.

The meeting of the Martha Poe Chapter O. E. S., which was to have been held this evening, when several candidates were to have been initiated, has been postponed indefinitely.

Amusements

Clara Kimball Young appears in a production this evening at the Princess theater, which by far surpasses any of her previous plays. The stage classic is entitled "Madge" and Miss Young appears with her own company. Charles Chaplin stars in latest comedy "The Adventurer" and Lew Fields in "The Barker" will create much amusement.

One of the most marvelous melodramatic photoplays of the screen will be shown this evening at the Gem theater, when William Duncan and Carol Holloway will take the leading parts in "The Fighting Trail." Mystery, intrigue, adventure and romance tend to create added interest in this drama. Aside from the regular program tomorrow with Stingree in, "The Model Magdalen," and "Casey the Bandmaster," a two reel Fox comedy, "A Bon Bon Riot," will be shown. Monday, Little Mary Sunshine will appear in, "Captain Kiddo."

FOUR GIRLS TAKE THE CIVIL SERVICE EXAM.

Conducted by Clarence Cross This Morning—Will be Repeated on Request of Two

NEED OF STENOGRAPHERS

The government examination for "Clerks With a Knowledge of Typewriting and Stenography" was taken by four Rushville girls this morning in Tittsworth's law office under the direction of Clarence Cross. The girls were the Misses Margery and Frances Geraghty, Hettie Retherford and Nettie Ormes. Unusual opportunities are being offered by the government for experienced stenographers and the need for these workers is so great that many are receiving appointments.

To receive the appointment, it is necessary to pass the examination with a grade of seventy or over. The examination covers several subjects, among them stenography, typewriting and arithmetic. Usually, the position begins with a salary of one thousand dollars a year and a raise in two months. If the girls receive the appointments, they will be called to Washington where they will aid in war correspondence work. A girl from Clarksburg and one from Liberty have already received appointments and have gone to Washington. The examination may be given at any time on the request of two persons who wish to take it, Mr. Cross stated today.

WOMEN OFFER HOMES FOR RED CROSS WORK

During Cold Weather Headquarters Can Not Be Opened and Classes Meet at Homes

BANDAGES MOST NEEDED

On account of the inclemency of the weather, the Red Cross headquarters have not been opened this week. Mrs. Charles Hinkle, Mrs. Warder Wyatt and Mrs. Mary Poston have offered their homes, so the ladies can meet and work in the regular surgical dressing class, as these bandages the most needed of the Red Cross supplies. Monday afternoon, Mrs. Chauncey Duncan and Mrs. Warder Wyatt will be in charge of a class at the home of Mrs. Wyatt, 136 East Third street.

At the same time a class will be held at the home of Mrs. Charles Hinkle, 228 West Fifth street, in charge of Mrs. Hinkle and Mrs. Robert Innis, and at the home of Mrs. Mary Poston, 832 North Main street with Mrs. Poston and Mrs. Albert Allen as instructors. All of the ladies are urged to meet at one of these three places and sew Monday. Through the kindness of Mrs. Wyatt and Mrs. Hinkle, a special order was filled last week, which otherwise would have been indefinitely delayed.

This afternoon in George C. Wyatt's furniture store, representatives from Red Cross gave out hospital garments to women who wished to take them home to make and received garments which had already been completed. Tomorrow afternoon at the same place, representatives from the society will receive knitted articles for the next shipment to be sent out tomorrow. Women having these articles are urged to turn them in tomorrow.

Mr. and Mrs. O. E. Hotchins are moving from the property on North Morgan street to the Frazier property, corner of Seventh and Morgan streets.

POET WHO WILL APPEAR HERE FOR BENEFIT OF THE RED CROSS

The recital being given this evening by Nicholas Vachel Lindsay at the court house assembly offers an opportunity for a most pleasant evening and incidentally to give any amount one may wish whether large or small to the local Red Cross society. Mr. Lindsay has had most flattering press notices in the east

ty and nine atheneums of literary America now meet Vachel at the train with taxicabs and meal checks. Because Vachel Lindsay is a great poet, and in an age when poets are looked upon with far too much leniency and fervor, he is the real thing. For Vachel is one of the outstanding characters of our time. If any

NICHOLAS VACHEL LINDSAY

where he has come from, among them an article by the assistant editor of the Ladies Home Journal. In part it reads:

This week-end Philadelphia shelters the blond head and vocal cords of Vachel Lindsay, poet, seer, humorist and ex-tramp. Not the one-time Vachel, however, who hoofed it through the Quaker City on his way to Gotham but the Vachel beloved and honored by the elect of the Muse. Drexel Institute and Witherpoon Hall and universities and Browning Societies and all the nine-

one poet has deserved well of the American people it is he. He has marvelously orchestrated and set to a noble ringing music the ideals and passions of this country today. He has seen beauty and tenderness and glory in the ebb and flow of our common days. His fancy, alternately grim and piercing and exquisitely tender, is, one of the most precious possessions we have. No man or woman (save, of course, his rival poets) can lay down his last volume, "The Chinese Nightingale," without being thrilled to the marrow.

I. O. O. F. ENDORSES NATIONAL PROHIBITION

Franklin Lodge No. 35 Sends Telegram to Senators Watson and New and Elliott

ALREADY PASSED BY SENATE

The Odd Fellows lodge of this city with a membership of four hundred, has voted unanimously in favor of the national prohibition amendment pending before congress and last night a night letter was sent by telegraph to Senators James E. Watson and Harry S. New and Congressman Richard N. Elliott informing them of the action of the Rushville lodge.

The senate approved the federal dry amendment last session and it only remains for the house to vote favorably on the measure before it may be submitted to the state legislatures for their vote. A two-thirds vote is required to pass the amendment in either branch of congress. The house is expected to take up consideration of the amendment Monday. The telegram sent to the senators and congressmen read as follows:

Four hundred Odd Fellows, Members of Franklin Lodge Number 35 of Rushville, Indiana, by unanimous vote declared themselves in favor of the National Prohibition Amendment now under consideration and will appreciate your support of this measure.

Few Women of Today Work Blindly

Used to be that daughters adhered strictly to mothers' methods of home management. They used certain baking recipes simply because they were favorites of former generations.

Times have changed radically. Colleges and clubs have been established for the express purpose of determining just which baking method and baking materials are best.

Many domestic scientists devote their lives to research and experimental work. They are constantly testing food products. They conduct exhaustive comparative tests. They accept and endorse only such methods and baking processes as have been found superior through scientific measurement of merit. These decisions are given wide publicity. The result is that the housewife of today produces more wholesome and perfect bakings at less cost than ever before.

I have conducted many experiments and have investigated experiments conducted by scores of other domestic scientists. My own work and the decisions handed down by other pure food specialists and domestic scientists—bring out the evidence that the overwhelming majority employ and advocate the use of one special brand of baking powder—which proves once more the old saying that "there is only one best."

I know that this baking powder has won its popularity among experts on merit alone. Because I know that they show no partiality. To obtain their approval a product must possess superiority. And that superiority must cover every phase of baking powder quality of material and action. It must be absolutely sure in results—never fail. It must be perfectly pure—leave no harmful residue in the foods. It must produce the best grade of bakings—cakes, biscuits, etc, that are light, tender and tasty. Finally—it must be a baking powder that is economical in both cost and use.

Calumet Baking Powder is the one baking powder that has won the verdict of superiority and the hearty endorsement of expert domestic scientists—who like myself have proved Calumet's super-excellence beyond dispute. This superiority "sanctioned" as it is by eminent domestic science authorities certainly clearly indicates that Calumet gives the housewife the greatest of Baking Powder value.

IS THIS YOUR EXPERIENCE?

Many Rushville People Are Afflicted With Annoying Kidney Pills

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Rushville people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

Taylor M. Loyd, 940 W. Third St., Rushville, says: "My back ached steadily and at times was so weak I could hardly get about. The kidney secretions were first too frequent in passage; then again didn't pass often enough. I used about four boxes of Doan's Kidney Pills which I got at Pitman & Wilson's Drug Store and they did just as recommended, relieving me in a short time."

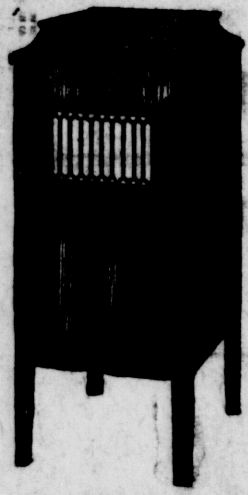

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loyd had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

DECK IS CLEARED TO AID REGISTRANTS

Continued From Page 1

so far as the board here can determine. The regulations provide any registrant in any class below the first may be advanced to class one at his own request—and in case of dependency, with the written consent of the dependents—and inducted into the military service by being sent to the nearest cantonment immediately. Such cases, however, do not count in the current quota, but the selection district receives credit on the quota immediately following.

Since the county received credit on its first quota for enlistments up to June 30 last, the local board is disposed to believe that it will get credit for enlistments from this county since that time on the next quota. This is held to be the only fair means for otherwise the districts with the most patriotically disposed young men would be providing the bulk of the army.

Although covered in the regulations, the state conscription agent has been instructed in bulletins and in turn has informed the local boards concerning provision for the last thirty-five per cent of the first quota.

In order to bridge over the situation of the 35 per cent, the state conscription agent is instructed not only to send questionnaires to the men of this 35 per cent but that they shall hold themselves in readiness to go to mobilization camps at the call of the provost marshal-general. The situation created is that the men of the 35 per cent will hold themselves in readiness until the state of Indiana under the new questionnaire system of selecting the men by classes for the draft call, has chosen enough Class 1 men to equal the 35 per cent quota, according to Mr. Eschbach. Then, if the men of the present 35 per cent quota have not been called to the colors, their responsibility under the original call to the colors will have passed, and the men held under the new regulations as being of Class 1, and therefore amenable to call at once, will take their places.

Mr. Eschbach also has received a telegram to the effect that members of the new legal advisory boards have no power to give legal opinions on questions relating to the draft to exemption boards, their duties being merely to give assistance to registrants in filling out the questionnaires and in preparing necessary affidavits.

Another telegram was received by Mr. Eschbach, in which the President instructs that the induction into the military service of postal employees of draft age, who will be called between now and January 1, shall be deferred until after January 1. Apparently this is a movement to help

relieve the Christmas mail congestion.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

WAR WORKERS ARE IN COUNCIL TODAY

Sectional Meetings Feature State Meeting of Council of Defense in Indianapolis

ADE MEETS WITH EDITORS

Food Administrators Meet With Barnard and Fuel Men With Woollen, Administrator

Indianapolis, Ind., Dec. 14.—The second days' conference of Indiana war workers today was given over to divisional conferences.

Editors of the state met in the Riley room of the Claypool hotel. George Ade, chairman of the publicity committee of the state council of defense presided. George Creel, chairman of the committee on public information delivered the principal address. Other speakers were Harry Martin, Martinsville, president of the State Editorial association and H. B. Wilson, Delphi, president of the democratic editors association.

Representative of county defense councils met at the state house to hear addresses by J. A. B. Scherer, representative of the national defense council and Will Hays, chairman of the state council. Discussion of work to be done by the county councils followed the speeches.

County food administrators met at the same time with H. E. Barnard state food administrator. Franklin J. Ford of New Jersey delivered the official message to the food men from Herbert Hoover. Dr. Barnard told the food administrators that they must take further steps toward conserving the meat and wheat supplies. Other addresses were made by Mrs. Richard Edwards, Peru; Harry Wheeler, federal food administrator for Illinois; and George W. June, Indianapolis, chairman of the hotel and restaurant division of the federal food administration. Late this afternoon there was a conference of county merchant representatives with Myer Heller of Newcastle, president of the Indiana Retail Merchants' association.

Those in charge of the county fuel work met with Evans Woollen, state administrator of fuel.

The women's division of the defense councils met in the Y. M. C. A. buildings with Mrs. Anne Studebaker Carlisle of South Bend as chairman. Miss Julia Lanthrop, chief of the United States children's bureau, spoke.

Other divisional meetings held were: medical division; educational, under Dr. Horace Ellis, state superintendent of public instruction; public morals and church federation; military affairs; food production under G. I. Christie, of Purdue University; speakers' bureau, public service reserve division; boys working reserve; war saving certificate; fraternal order; and community war service board division.

Days Pickings

Miss Anne Straight is ill at her home in this city.

A son has been born to the wife of John Stevens south of the city.

The funeral services of Silas Morgan who died yesterday afternoon at the home of his sister, Mrs. Lee Willy near Arlington, conducted this afternoon at one o'clock in Manilla with burial at the Manilla cemetery.

REO

For the Professional and Business Man

THE FOUR CYLINDER REO Roadster is ideal for that constant service required by the man who uses his car several times every day.

SUCH A CAR MUST be ready and on the job all the time. It must be absolutely reliable in performance, and as free from mechanical faults as it is humanly possible to make it.

AND ABOVE ALL the upkeep must be low—for when one drives a car steadily, the gasoline and tire and repair bills are more apparent than in the case of a car used mostly for pleasure, and therefore intermittently.

MORE REO ROADSTERS are in service in hands of professional and business men—Doctors, Lawyers, Contractors, Salesmen, Solicitors, Overseers, etc.—than of any other make of similar size and price.

AND THAT IS BECAUSE of the wonderful sturdiness and the low upkeep of this Reo.

IT IS EASILY and readily manipulated through the densest of traffic. Switches, spark and throttle control are mounted on the steering column and so within handy reach of the driver in his natural driving position.

THE REO ONE ROD control, too, is the simplest and most convenient for the shifting of gears.

EQUIPPED WITH Reo-Remy starting, lighting and ignition system—than which none is better—it is a complete and efficient Roadster ready at all times for instant use.

FOR FALL AND WINTER months you can have it equipped with the convertible coupe body. Price so equipped is \$1160.

WHERE ELSE CAN YOU, for that price, obtain such a classy Roadster, and one with a Reo reputation?

WE'VE BEEN UNABLE until recently, to fill orders on this model. But they are coming faster now—so if your order is in at once, we can promise you a reasonably early delivery.

MENTAL CASES OF WAR DISCUSSED

Indiana Society For Mental Hygiene
Holds Meeting Today With
Good Talks

AUTHORITIES ARE THERE

Mental Health in Relation to Home,
School, and Community Are
Discussed

(By United Press.)

Indianapolis, Ind., Dec. 14.—The Indiana Society for Mental Hygiene and the state committee on treatment and care of mental defectives held a joint session here today, giving special attention to the problems for care of defectives arising out of the war.

The meeting was called by T. F. Fitzgibbon of Columbus on the part of the Society for Mental Hygiene and the Rev. Francis H. Gavisk for the mental defectives committee.

Will H. Hays, chairman of the state council of defense and presided at the first meeting this morning. The topic of "Mental Health and the War," was discussed by F. E. Williams, associate director of the national committee on mental hygiene; Dr. Charles P. Emerson, Indianapolis; Dr. S. E. Smith, Richmond; Dr. J. W. Milligan, North Madison; Eugene C. Foster, Indianapolis and Mrs. Hester Moffett, Elwood.

Miss Jane Griffiths, field secretary of the national committee on provision for the feeble minded, spoke this afternoon. Discussion of "Mental Health as a Home and School Problem," followed. Those participating were Mrs. Albion Fellows Bacon, Evansville; Mrs. S. C. Stimson, Terre Haute; Horace Ellis, Indianapolis; O. M. Pittenger, Frankfort; W. F. Book, Bloomington; Lee Driver, Winchester and Mrs. Emma Payne, Vincennes.

"Mental Health as a Community Problem," will be taken up at the closing session tonight.

SCHOOL CHILDREN HELP SELL SEALS

Auxiliaries Over County Selling
Seals Are Co-operating in Making
Campaign Success

SALE IN STORES TOMORROW

The school children are aiding materially in making the Red Cross seal campaign one whose success has been unprecedented in this county. At one recess the children at the Jackson school purchased over five dollars worth of seals. The children in the Graham Annex and Graham school were sent 600 stamps, they sold all of those and called for 400 more, making a total of ten dollars from the two schools. It is probable the sale of seals in the high school will be in charge of the high school girl's organization for war relief.

Seals have not yet been taken to the other schools of the city but the sale will be made there in the near future. Some of the children purchase seals and keep them, others voluntarily buy them and make a canvass, selling them.

Over the county the campaign is also being successfully carried on. Milroy sold all of the seals sent to that auxiliary of Red Cross and has sent for more as have several other auxiliaries. In some points of the county, the sale has been rather slow and the persons in these quarters are urged to push the campaign for the time for it to end is only ten days off.

Tomorrow, high school girls, dressed as Red Cross nurses will be in many of the down town stores selling the seals. Shoppers are urged to buy their supply then if they have not already done so.

ACME

Worm Bouncer

To my customers:

On account of the increased cost of manufacture, I was compelled to advance the price on ACME WORM BOUNCER October 29th, 1917, and the following prices are now in force:

50 lb drums	\$ 4.75 each
100 lb drums	9.25 each
150 lb drums	14.00 each
300 lb lots	28.00 each
500 lb lots	42.50 each
1000 lb lots	81.25 each

Self Feeders will be shipped free with the first orders as follows:

One Self Feeder free with	150 lb drums
Two Self Feeders free with	300 lb lots
Three Self Feeders free with	500 lb lots
Three Self Feeders free with	1000 lb lots

Above prices are subject to a cash discount of 2% 15 days. ACME WORM BOUNCER is now fed at the small cost of 6 1/2c per month. Hogs must be fed something to expel and prevent free intestinal worms and the Cholera which is caused by them. It does not take many worms to eat up 6 1/2c worth of feed at these prices. ACME WORM BOUNCER will expel the free intestinal worms from hogs, horses and sheep (if they have any), WILL POSITIVELY PREVENT THOSE WORMS and prevent over 90% of the hog Cholera which is caused by them, keep the bowels just right, the appetite good, and place the hogs in such condition that they will make the most of the feed and care given them. ACME WORM BOUNCER is honest goods at honest prices, and only remedy fed successfully in Self Feeders.

During the years ACME WORM BOUNCER has been fed, I do not know of a single customer who has fed ACME WORM BOUNCER for 30 days and continued to feed it and thereafter lost hogs with Cholera. You must feed your hogs something. Then why not feed a remedy which will positively produce these results? — and the results you must produce in order to make hogs pay.

DECK CLEARED TO AID REGISTRANTS

Nothing in Court Will be Allowed to Interfere With Work of Legal Advisory Board

MANY CASES ARE CONTINUED

Last Increment of First Quota From County May be Sent After New Classification

Attention Registrants

When you receive your Questionnaire, come to the Court Room, as soon as you can, if you desire the assistance of the Legal Board, which will be cheerfully given without charge.

This Legal Advisory Board will be in continuous session each day from 8:30 a. m. until 5 p. m. and from 7 p. m. until 9 p. m. The night session will be held in the Sheriff's Office.

You must bring your Questionnaire with you. Be ready to answer the following questions:

When were you married and by whom?

How much tax did you pay this year on land?

How much tax did you pay this year on personal property?

It is very necessary that registrants be prompt in reporting, and not wait until near the end of your seven days, because at that time we may be crowded that we can not assign you. Your Questionnaire must be completed, signed and filed, within seven days, or you will be placed in Class 1. It may be filed sooner, so do not take any chances but report to the Legal Board at once.

WILL M. SPARKS,
DONALD L. SMITH
C. W. DUNCAN—
Legal Advisory Board.

The decks have been cleared in circuit court for the work of legal advisory board created by the new selective conscription law regulations. The board and helpers, most of them attorneys, will begin its sessions next Monday morning, and Judge Will M. Sparks, chairman of the board, has arranged it so nothing will interfere with the board while it is engaged in its duties of helping registrants under the conscription act fill out their questionnaires, which are for the purpose of providing information so that the selection board can place registrants in one of five classes under the regulations.

A case set down for trial Monday has been discontinued and nearly every other suit which had been set for trial in the near future has been disposed of in some way. The board will be in session each day in the court room until the time has expired for registrants to return their questionnaires. The night sessions of the board will be in the sheriff's office of the court house, beginning at seven o'clock.

The last thirty-five per cent of the first quota has never been called to the cantonment and the Rush county selection board does not believe that they will be called before the registrants are classified according to the new regulations. In that event, according to the new regulations, the men who now compose the remaining thirty-five per cent would not be called, but the required number would be taken from class one to fill out the quota.

The main reason for the board believing that the last increment of the quota will not be called before the classification is finished is the fact that enough men are enlisting right now to keep the army authorities busy for some time equipping them. This is sure to cause further delay in calling the last increment.

The question of credit for enlistments is also another thing which is not settled by the new regulations.

PLACE OF RECITAL CHANGED

Program by Nicholas Vachel Lindsay at Court House

The recital to be given this evening by Nicholas Vachel Lindsay, poet, will be at the assembly room of the court house instead of at the Social Club as was at first announced. The change has been made because the assembly can be heated more comfortably. The program will begin at eight o'clock. There will be no admission but a silver offering will be taken for Red Cross.

GLOVE CO. BUYS THE BUILDING IT OCCUPIES

Will Erect Addition in Spring Which Will Accommodate Force of From 125 to 150

NOW EMPLOYING 65 PERSONS

The Rushville Glove company today announced the purchase of the building in which the company is now located from the Pinnell-Tompkins Lumber company. The consideration was not stated.

The glove company authorized the statement today that an addition to the building will be erected in the spring which will accommodate a working force of from one hundred and twenty-five to one hundred and fifty. The company is only employing sixty-five persons now, which reveals that the force will be almost doubled when the new addition is completed.

This puts the glove company definitely out of the running as a bidder on the Modern Appliance company plant, which will be sold at trustee in bankruptcy sale next Wednesday. The glove company had considered purchasing the building.

ELLIOTT IS PUT ON SUFFRAGE COMMITTEE

Congressman From This District Will Support Amendment, as Will Senator Watson

ELLIOTT IN AN INTERVIEW

Congressman Richard N. Elliott of Connersville, representative of this district in congress, has been placed on the women's suffrage committee of the house. He is quoted in Washington dispatches as being favorable to women's suffrage and the suffragists are rejoiced that he has been made a member of the committee.

A conference of the Indiana delegation was held recently in Washington to get the opinions of representatives and senators regarding the suffrage amendment. All but two were found to be favorable. Senator James E. Watson could not be present, but sent word he would support the amendment.

"Experience in my own family," Representative Elliott said, "early in life made me a suffragist; when I was thirteen years of age, my father fell ill and remained so for five years. My mother and I took care of the family. My father held one political faith and my mother another. It always seemed to me that my mother had the best of the argument. Many of my clients have been women of excellent business judgment; their ideas on social and economic problems were just as sound as mine or any other man's. I will vote for the federal amendment. I understand there has been some reference to giving the vote to the colored women of Georgia. The colored race was brought to Georgia by white men through no fault of their own. If the granting of the ballot to these colored women of the south will help to relieve their condition, God grant they may have it."

OLD LOG HOUSE GOES IN FLAMES

Property Owned by Theodore Abercrombie Burns Completely Down Yesterday Afternoon

ORIGIN OF FIRE IS UNKNOWN

Mr. and Mrs. Wright Living in House Gone For Day—Left No Fires In Morning

The oldest house in this part of the county burned completely down yesterday afternoon at 5 o'clock when the property owned by Theodore Abercrombie Burns, in North Main street in which Mr. and Mrs. David Wright had been living caught on fire from an unknown origin. Mr. and Mrs. Wright had been gone all day and when they returned in the evening, they found the fire department fighting the flames which blazed up very quickly because of the heavy logs of which the house had been built about 90 years ago. When Mr. and Mrs. Wright left in the morning, the former going hunting and the latter going to the home of her father for the day, they left no gas burning and if there was any fire at all in the house it was a few coals in a sheet iron stove in the kitchen, and they were almost out.

Two men passing the house at about 4:45 first saw the blaze on the back of the place and immediately phoned for the fire department. When the department reached there the entire place was in flames. With the chemicals, however, they succeeded in saving a small building near the house and a three thousand dollar barn on which the coals from the flames were blowing constantly. The insurance on the house was \$500. Some of the furniture in the house was saved but all of the kitchen furniture and clothing was lost. An unfortunate circumstance was that Mr. Wright had just finished buying Christmas presents for his family of clothing and all of the new garments were burned.

The fire wagon was called by phone to Tenth and Perkins streets and was delayed in reaching the fire by being called to the wrong address. However, the chemical truck did all that could have been done under the circumstances by saving the out building and barn.

CROWDS THROG WAR SESSIONS

Thousands Attend Second Meeting of First Indiana War Conference at Capital

TRAINS DETAIN CREEL

Vice-President Marshall Fails to Arrive in Time to Make Address At Session

Indianapolis, Dec. 14.—Thousands of war workers crowded at the second meeting of the Indiana war conference today. George Creel was to have spoken at the Indiana Educational conference, but was unable to be present on account of the delay of the train.

G. I. Christie, State Food Administrator, addressed the conference on "Value of Food Products." He stated that 500,000 war gardens in the state totaled \$10,000,000. The number of gardens and the value of the crops this year was three times as great as that of last year.

Thomas R. Marshall, vice-president of the United States, failed to arrive in Indianapolis from Washington in time to address a general session of the state war conference at Tomlinson hall, Thursday night. He started from Washington at 6 o'clock Wednesday evening and should have arrived at noon, the following day. But, owing to storms and the cold weather, his train was delayed until it was past the hour for the Thursday night meeting to close. The vice-president was on the program as the principal speaker.

Lieutenant Paul Perigord, of the French army, who spoke at the meeting, made an address that thrilled the big audience with its patriotic appeal to Americans to help defeat the Teutonic allies and make the world safe for democracy.

The lieutenant and Samuel M. Ralston, formerly Governor of Indiana, who served as chairman of the meeting instead of Judge Albert B. Anderson of the United States district court, who also was unable to reach the city in time for the meeting, paid high tribute to President Wilson as the leader of the American nation in the present crisis. Both sounded a warning against the seditious propaganda of those who would sow the seed of disloyalty among Americans.

At both the first general session in the afternoon and at the night gathering there was a great outpouring of the patriotic people of Indianapolis and Indiana to join in the movement to decide on how best to work and what best to do to help win the conflict. If there had at any time been a doubt in the mind of any as to the success of the conference it no longer could exist after the two great gatherings.

Persons were present from probably every county in the state, but the bad weather and interrupted train service, due to storms and cold weather, kept many away who had intended coming. More than 1,100 members of county councils of defense throughout the state had made reservations of seats.

The naval band of 250 pieces from the Great Lakes naval training station, near Chicago, gave a concert program under the direction of John Philip Sousa before the opening of the meeting, arousing the audience to a high pitch of enthusiasm. The musical program was like those of the forenoon and afternoon—Sousa music—such as no other band in the country plays.

Paris, Dec. 14.—Lieutenant Walcott, 21, of Washington, D. C., fell in his first air fight Tuesday. It is feared he was killed. Young Walcott, who is a successful flyer, brought down his adversary on the first aerial fight.

Lieutenant Walcott was the son of Secretary Charles B. Walcott of the Smithsonian Institute. This is the first news telling of the engagement involving the American fliers in France.

GERMAN NEWSPAPERS SHOW GREAT HOPES

Based on Russian Armistice and Offensive in West People Show Confidence.

EXTRACTS FROM PAPERS

(By United Press.)

London, Dec. 14.—A generally increased confidence in Germany, based on the Russian armistice and other obvious factors, is shown in extracts from the latest German newspapers, telegraphed from Holland. Travelers arriving in Holland from Germany are quoted as saying that the German people are building great hopes on a great offensive in the west, which is regarded as certainly impending. Major Morant, a newspaper critic, predicting such a move, writes in the Tageblatt:

"Whenever Germany's supreme war lord or Field Marshal von Hindenburg promised our Austro-Hungarian allies assistance against Russia's mighty forces, it has been

WARMER WEATHER PROMISED SOON

Weather Forecast Shows Warmer For Tomorrow Although Colder Tonight

NO COAL IN THE CITY, NOW

The prediction of the weather man of "Saturday cloudy and warmer" offers some relief for the situation which might be critical otherwise since not a coal dealer in the city has any coal. Although the prediction for tonight is fair and colder, tomorrow's weather forecast indicates that the severe cold wave will not pass over this part of the state. The only coal in sight is that billed for Reed and Son which has been ordered by County Fuel Administrator Samuel Trabue. Three cars have been promised and are expected at any time, although under present conditions, this is rather indefinite.

A local coal dealer who visited in Cincinnati yesterday endeavoring to get coal, states that he believes it will be impossible to get anything but Indiana coal here until the weather moderates. The reason for this is that the water in the river is frozen and the ice has massed against the coal barges which are bringing the coal from the mines down the river. As a result the barges are being crushed and immense quantities of coal are going down into the river bottom. Another problem that is preventing local coal men from obtaining coal is the shortage of engines. Empty freight cars are at disposal of the majority of the wholesale coal dealers but it is impossible to get engines to pull them.

J. V. Young, township trustee, reports that he has had a number of calls from persons needing fuel. Until lately when there has been absolutely no coal, he has been able to care for the calls.

FLAG IN EACH HOME XMAS EVE

Workers For Red Cross Membership Drive Want Every Home Represented in Red Cross

SERVICE FLAGS ARE GIVEN

Sunday to be Red Cross Day With Mass Meeting in Evening at Baptist Church

The true Christmas spirit exemplified by having a Red Cross service flag hanging in the window of every Rush county home on Christmas eve is the aim toward which the campaign workers for the Red Cross membership drive to occupy the week preceding Christmas are striving. These flags will be passed out on Christmas eve with a cross for every member belonging to the society and a cross within the large red center cross when every member of the family belongs.

To carry on the work of canvassing the entire county, committees and canvassers have been appointed by A. L. Riggs, county chairman for the drive. These canvassers include men to canvass every block in the city, women to canvass the town, workers in each club and organization and men to work in the factories and large concerns in the city.

Red Cross Sunday will be observed on next Sunday, culminating in a mass meeting at night in the First Baptist church. This was decided on this morning by the ministers at the meeting of the ministerial association. The program will be arranged by E. B. Thomas, chairman of Red Cross, and Dr. D. Ira Lambert, president of the ministerial association. It will include talks by prominent Red Cross workers and some of those who have attended the war conference in Indianapolis. In the afternoon at 1:30 o'clock there will be a meeting at the St. Paul's M. E. church, when all of the workers appointed to aid in the drive are urged to be present to make final plans for canvassing the county.

The city has been divided into districts by blocks and the man appointed at the head of each block is to canvass, or get helpers to do, all of the homes on the four corners of the square. The township workers appointed may also get helpers and canvass the road district to which they are assigned.

The women appointed to canvass the town are those that worked in the former drive and are asked to cover the same territory they did before as are the lodge workers.

The names of a part of the canvassers follow. The remaining ones those who are assigned the duty of covering the town by blocks will appear in tomorrow's issue.

Cause is Noble and Deserves Support Of All

(By The Rev. C. J. Bunnell)

These are strenuous times in which we are living. The world's need is moving the compassionate heart as never before. Our people so far have made very noble response. We are now called upon to assist in the sale of Red Cross seals. The cause is a noble one and deserves our sympathy and support.

at the first officers training camp
at Fort Harrison.
All of the unassigned reserve of-
ficers who have been here since
their transfer from Camp Zachary

red to the National Guard and as-
signed to permanent posts in the
Twenty-eighth Division, most of the
men having been attached for ser-

to which they are now assigned.
Four Indiana men died of pneu-
monia at the base hospital today.

They are Chester E. Dubers of La-

NEW WAR BREAD NOW ON MARKET

Although Government Formula is Carefully Followed—Little Difference in Taste

CONSERVES SUGAR AND FATS

People Co-Operate on Wheatless Days in Willingly Buying Other Kinds of Bread

War bread is now being sold by Rushville bread dealers and patrons say they can notice very little difference between it and the bread which has been sold before it. The difference in the making is that it follows exactly the government formula which is made for the purpose of conserving fats and sugar. No price has been set yet for the sale of bread locally and the set prices refer only to wholesale houses in cities and the sale price to retailers.

At the bakeries the same price for the loaves is being charged although the loaves weigh more. According to the formula, loaves made of wheat flour must weigh 18 ounces before they are baked and 16 ounces after having been baked for 12 hours. This loaf is being sold for ten cents. The loaf which weighs 24 ounces after it is baked 12 hours and weighed 25 1/2 ounces before it was baked is being sold for 15 cents. Rye bread weighing 16 ounces is being sold for ten cents. Boston brown bread is not sold by weight but is a favorite on wheatless days and is made of rye flour, corn meal, bran and Graham flour.

At the groceries there is a slight change in the prices of bread. The loaves of white bread, which were sold two for fifteen cents, now weigh four ounces more and are sold at nine instead of eight cents a loaf. The loaves sold for ten cents at the groceries are those made of rye, flour, Graham flour, raisin bread and other breads not containing white flour. The loaf sold for thirteen cents is a milk bread and large in size.

Although making Wednesday a wheatless day has not been made into a law, one of the local bakeries is observing it to the letter and does not make any bread from white flour on that day. Brown bread, corn bread and rye bread are all on sale instead, and the co-operation of the public in making the day wheatless is proven in the sales from this one concern. The clerks in the bakery report that very few if any persons object to buying other than wheat bread on that day.

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for children when everybody knows that their whole health and growth depends upon correct **nourishment**. If your children are pale, listless, underweight or puny, they absolutely need the special, concentrated food that only

persons are willing to aid in the conservation of wheat flour. The rulings on the making of cakes has not been passed but is expected at any time. Already bakeries are for-patrons of the other bakeries and hidden to make the articles that de-groceries but proves that local mand sweet dough.

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by youthful activity. During school term all children should be given **Scott's Emulsion** because it benefits their blood, sharpens their appetite and rebuilds their strength by sheer force of its great nourishing power.

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion, and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. ROBERTS, 917 Cottage Ave.

Chance to Express Xmas Spirit

The American Red Cross, in a special drive beginning Monday next, will endeavor to add ten million new members to its roster before Christmas, making a total membership in the United States of fifteen millions. It should not be necessary for canvassers to call upon people in their homes to solicit members for the Red Cross. It is the duty of every patriotic citizen to join this humanitarian organization, thereby contributing some thing to the alleviation of human suffering, which is filling the world with sorrow, at this Christmas time.

Christmas giving is a beautiful thought, and is usually inspired by noble sentiments, but there is frequently much giving of useless gifts, because it is the custom to make presents on the recurrence of the anniversary of Him who declared, "peace and earth and good will to men." But this year, when the tragedy of a world war broods over the earth, filling the hearts of millions with sorrow, increasing the demands for charity and the alleviation of human suffering, the list for Christmas giving should be revived. Let your contribution to the Red Cross head the list, and you will have the satisfaction of knowing that your gift will aid some soldier, or his family. The spirit of Christmas should be encouraged and maintained, but it should this year find expression in patriotic and humanitarian, rather than sentimental giving.

The cost of raising the Red Cross war fund last June was a fraction above one-half of one per cent of the total \$119,000,000 raised, according to the semi-annual report of the War Council just issued. The American Red Cross is getting \$1.02 worth of work from every dollar contributed. This is made possible, he says, through volunteer executives and a close system of interest with the banks.

Fifty cents off each \$1 or annual Red Cross membership received by the local chapter in its drive next week will be kept for the chapter's work. The rest goes to headquarters.

DAYS PICKINGS

Mr. and Mrs. Ed Caldwell will move from their home in West First street, to the William Dagler farm, west of this city, next week.

TO THE MOTHER

By Edgar Rice Burroughs

One Saturday afternoon a boy in uniform came up to Chicago from Camp Grant, on leave. It may be that he was your boy—I do not know. He was a stranger in Chicago. He went to a movie show and then he walked the streets searching for something, for anything to relieve the gnawing ache of the homesickness in his heart. He could not enter a saloon and to drink if he had so desired, for he was in uniform; but there were other, more alluring, deadlier forms of vice that were not denied him. They offered him human companionship and a substitute for love—however sordid and mercenary a substitute it might be.

He stood on a street corner and watched thousands pass, and never in all his life before had he felt so alone and lonely.

Then a woman accosted him. She was a handsome, well-dressed woman, and she eyed the boy a little, so that he shuffled his feet, and stammered, and blushed, but he went with her. They boarded a car together and went to her home. The boy thought it quite the most beautiful place he had ever seen. The woman called a young girl down from an upper floor. "This is my daughter," she said, as she introduced the boy, "and I want you to come in here now and meet my husband. Our only son is in France. There is nothing that we can do that we would not do for any boy who wears that uniform. The French mothers have been good to my boy, so, if for no other reason, I could not do less than be good to the boys of my own country."

They kept him for dinner that night, and all night and all day Sunday until his train left for Rockford. He went to the movies with them, and to church, and for an automobile ride, and now he goes there whenever he is on leave.

Suppose another sort of woman had accosted him?—and may be he was your boy. You can do the same for some other boy in uniform. You can open your home to him. You can save him for his country as surely as that other woman saved the boy in Chicago. And you can send him on to France with a realization, based on your actions rather than upon words, that all America honors "the sacred cloth" in which he marches forth to battle, and perhaps to die, for you and yours and for me and mine. Association with these boys will elevate you and your daughters as much as it will the boys, for while it keeps them from evil, it will inspire you with the high ideals which dominate the men of the National army.

"TEN DEMANDMENTS" OF BUSINESS

Up in Canada there is a successful business concern that expects, as most successful concerns do, that every employee shall do his full duty. To assist him in the task that concern places conspicuously before him these "Ten Demandments":

1. Don't lie. It wastes my time and yours. I am sure to catch you in the end, and that is the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short; and a short day's work makes my face long.
3. Give me more than I expect and I will give you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself you cannot afford to owe anybody else. Keep out of debt or keep out of my shop.
5. Dishonesty is never an accident. Good men, like good women, never see temptation when they meet it.
6. Mind your own business, and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.
8. It is none of my business what you do at night. But if dissipation affects what you do the next day, and you do half as much as I demand, you'll last half as long as you hoped.
9. Don't tell me what I'd like to hear, but what I ought to hear. I don't want a valet to my vanity, but one for my dollars.
10. Don't kick if I kick. If you're worth while correcting you're worth while keeping. I don't waste time cutting specks out of rotten apples.

The Ruling Passion.

"I'm sorry, Rollo," said the young woman, gently, "but I fear that you must not hope. I am fond of you, but we can never marry. You see—"

"Yes, I see!" he interrupted bitterly. "You cannot marry me because I weigh 200 pounds. Nobody loves a fat man!"

And with this quotation he strode forth into the night.

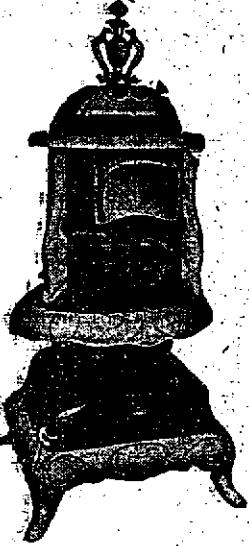

But there is always a Chapter "II." Three weeks later our hero again stood in the presence of our heroine. "I have come back to renew my suit," he said.

"But, Rollo, did I not tell you that it was hopeless?"

"Wait! Do not spurn me till you know all. I have been taking a gymnasium course. Today I am a bargain. I am reduced from 200 to 198!"

Unable to withstand the great slash of realism, she fell into his arms—Cleveland Leader.

High School Basketball Team Will
Meet Bloomington High School
Saturday

ONE OF STRONGEST IN STATE

Rushville high school is facing the hardest game of the season so far when it meets Bloomington high school here Saturday night at eight o'clock at the Graham Annex gymnasium. Coming from a college town, the seat of Indiana University, the Bloomington high school quintet is much feared by high school fives all over the state.

Rushville has had the misfortune to have to change coaches during the middle of the season, but it is believed that the new coach, E. E. Owens, is equal to the task of keeping the quintet going at the pace which it struck early in the season.

The team has lost only one game, that to Shelbyville and all basketball fans are pulling for victories all of the rest of the year.

No Food Takes Place of Potato, Says Department of Agriculture Bulletin

"There is no food which exactly takes the place of the potato when one is accustomed to it," says a statement issued by the United States department of agriculture, urging an increased consumption of this vegetable, now that the markets of the country are well supplied.

"It has come to be such a part of our dinner that we miss it when it is not served. Besides, any left-over potato can be used in many very palatable ways for breakfast or supper, and this is a convenience from the housekeeper's standpoint, since it helps her to make palatable meals. Not only is it useful from the ease with which it can be prepared and the number of palatable ways in which it can be served, but it is very important for the food material it supplies. It is one of the most wholesome sources of starch, and is also fairly rich in the mineral matter which the body needs. Of the mineral salts one must not overlook the importance of the mild alkaline salts it contains, because these are greatly needed by the body to counterbalance the acid salts which meats and eggs produce when assimilated. In this we have a justification of the use of potatoes in the diet in liberal quantities and of our common custom of serving them with meats. When the price permits potatoes should by all means be made a part of the diet."

Wise and Otherwise

Two heads are better than a dozen—in a love affair.

If a man's really fond of music he seldom tries to sing.

Holidays are more pleasant in contemplation than in fact.

A wise man doesn't lie—neither does he tell all the truth he knows.

A girl can love almost any man her parents are willing to object to.

It's a wise proverb that contains half the wisdom it is supposed to contain.

Because you believe a thing doesn't indicate that you regard it as a positive fact.

It is easy for a woman to look out for herself—if there is a window in the room she occupies.

Many Thousands of Horses and Mules Are Used in War.

Despite the fact that the great war is being waged largely by means of mechanical devices, horses and mules have played an important part in it. Up to the present time, says Popular Science Monthly, 920,000 horses and 380,000 mules have been sent to the theater of war from the United States. The value of the horses which have been exported is 194,000,000, and of mules \$63,000,000.

The number of mules being sent to the war is increasing from year to year. The sagacity of the mule makes him very valuable in war work. Most of the horses and mules shipped from this country go directly to France. Others are sent to Great Britain and Canada and a few to some of the other European countries.

Get Wax From Trees.

From prehistoric time the Indians of Ecuador have utilized a wax found on certain species of tall palms for making candles, writes Frederic W. Goding, United States consul general at Guayaquil. This wax occurs on the tree trunks in granular form, each tree furnishing 50 pounds. The trees grow in great numbers on the mountains along the coast. Mr. Goding has sent a sample of the wax to the department of commerce, saying from 15 to 20 tons a month of it can be supplied.

Safety Pins Needed.

Mrs. E. Roscoe Matthews, a New Yorker, who has returned from France, where she was enabled to see the American troops near the front line trenches, told of some special needs of our soldiers.

Among the chief are safety pins and chewing gum, knitted body scarfs of sufficient length to wind around three times, and, if possible, rubber coats.

The safety pin, it seems, is of prime importance, as being the only practical device for fastening various articles of apparel from which buttons have been flying ever since the American troops reached France.

As It's Done in the Army.

A captain, returning to camp at night with his family, was challenged by a sentry. "What's your name?" "Captain Smith and family." "Captain Smith, advance and be recognized." Mrs. Smith and baby came, and the sentry said: "And then the corporal of the guard placed the sentry 'at rest.'"

Winship and Denning

30° Below Zero by Night

Would no doubt cause a great amount of suffering. These cold winter days and nights call for heavier clothing. Perhaps your last season's overcoat or heavy suit is a little shabby in appearance; maybe it needs a new lining or has a few soiled places. Bring your garments to us.

HAVE US DRY CLEAN, PRESS AND REPAIR THEM. Double your service on all your garments by giving them the proper attention. Our methods will insure long wear.

With Xmas only a few days off, it would be advisable to place your dry cleaning and pressing order for this occasion as soon as possible. Give your clothes a newish appearance.

Society

In an atmosphere of patriotism one hundred members of the Knights of Columbus gathered in the halls of the order in West Second street for their banquet last night. Talks following the banquet were of a patriotic nature and the members of the order cheered loudly as Paul Lagrange sang "La Marseillaise" in the French language. The delightful banquet was brought to a close with the men standing and singing America.

American flags and the large service flag bearing eleven stars were the decorations for the affair. An elegant two course jockey dinner was served after which the toast list and musical program was given. The duty of the men at home was the theme of the excellent talk given by Judge Douglas Morris and their responsibility in backing up the men who had gone to the front was emphasized.

"The Innocent Bystander," was the subject on which Father Francis of Greensburg gave a talk. He praised the eleven members of the order who had joined the colors. Omer Collier spoke for the chapter in his talk on "Rushville Council of K. of C." and Father Lyons gave a clever impromptu talk. A H. Schriebe, as toastmaster, appropriately introduced each of the speakers.

The musical numbers were also a feature of the program. Francis Coyne sang a beautiful solo, "At Dawning." Mr. Lagrange sang, "La Marseillaise" and "Goodbye." A quartette composed of Mr. and Mrs. Lagrange, Mrs. Fred Gale and Mark Purcell sang two beautiful numbers, "On to the Battle," and "Softly Splendor." Miss Jennie Madden accompanied the singers.

About twelve members of the Psi Iota Xi were entertained by Mrs. Allen T. Blackledge last evening.

Plans were discussed for the annual Christmas party which the girls always give in honor of the college girls, who come home for the holidays. The place has not been set, but the affair will probably be Friday, December 28. The Red Cross Seal campaign was further discussed and girls appointed, who will sell the seals at the postoffice next week. Mrs. Blackledge served an elegant luncheon at the close of the evening.

The meeting of the Martha Poe Chapter O. E. S. which was to have been held this evening, when several candidates were to have been initiated, has been postponed indefinitely.

Amusements

Clara Kimball Young appears in a production this evening at the Princess theater, which by far surpasses any of her previous plays. The stage classic is entitled "Madge" and Miss Young appears with her own company. Charles Chaplin stars in latest comedy "The Adventurer" and Lew Fields in "The Barker" will create much amusement.

One of the most marvelous melodramatic photoplays of the screen will be shown this evening at the Gem theater, when William Duncan and Carol Holloway will take the leading parts in "The Fighting Trail." Mystery, intrigue, adventure and romance tend to create added interest in this drama. Aside from the regular program tomorrow with Stingree in, "The Model Magrauder," and "Casey the Bandmaster," a two reel Fox comedy, "A Bon Bon Riot," will be shown. Monday, Little Mary Sunshine will appear in, "Captain Kiddo."

FOUR GIRLS TAKE THE CIVIL SERVICE EXAM.

Conducted by Clarence Cross This Morning—Will be Repeated on Request of Two

NEED OF STENOGRAPHERS

The government examination for "Clerks With a Knowledge of Typewriting and Stenography" was taken by four Rushville girls this morning in Titsworth's law office under the direction of Clarence Cross. The girls were the Misses Mangery and Frances Geraghty, Nettie Retherford and Nettie Ormes. Unusual opportunities are being offered by the government for experienced stenographers and the need for these workers is so great that many are receiving appointments.

To receive the appointment, it is necessary to pass the examination with a grade of seventy or over. The examination covers several subjects, among them stenography, typewriting and arithmetic. Usually, the position begins with a salary of one thousand dollars a year and a raise in two months. If the girls receive the appointments, they will be called to Washington where they will aid in war correspondence work. A girl from Clarksburg and one from Liberty have already received appointments and have gone to Washington. The examination may be given at any time on the request of two persons who wish to take it, Mr. Cross stated today.

With The Churches

Services at St. Paul's M. E. church for Sunday are as follows: Sunday school at 9:30 o'clock; morning service at 10:30 a. m. with sermon by Dr. Charles F. Bacon of Connersville; Epworth League at 6 o'clock with Charles Todd as leader and several special musical numbers. There will be no regular evening service because of the union service at the First Baptist church in the interests of Red Cross.

The services for the United Presbyterian church for Sunday are as follows: Bible school at 9:30; preaching by the pastor at 10:45, subject of the sermon, "Self Dedication." There will be no evening service on account of the union service, which will be held at the First Baptist church. Congregational prayer meeting Thursday evening at 7:30.

The services for the First Presbyterian church for Sunday are: 7:00 a. m. Quiet Hour; 9:30 Bible school; 10:30 Divine Worship, sermon by the pastor, the subject of which is "The Unfulfilled Ideal." There will be no evening service on account of the Union Red Cross service at the First Baptist church.

The Franklin Methodist church will have preaching by the pastor at 2:30. Everybody is invited to all of the services. The Rushville group of preachers are following the directions of Bishop Anderson and giving the week days to soliciting for Moore's Hill College fund.

The services for the Methodist church, at Arlington for Sunday are: Bible school at 9:30; preaching by the pastor at 10:30; Epworth League at 6:00 with W. G. Richey as leader; preaching by the pastor at 7:00.

The services for the United Presbyterian church at Glenwood, are Sunday school at 1:30 and preaching at 2:15.

St. Paul, Dec. 13.—A general strike designed to tie up all twin city industries in sympathy with the Union street car industry was announced today. Eighteen thousand have already quit and more will go out during the day.

WOMEN OFFER HOMES FOR RED CROSS WORK

During Cold Weather Headquarters Can Not Be Opened and Classes Meet at Homes

BANDAGES MOST NEEDED

On account of the inclemency of the weather, the Red Cross headquarters have not been opened this week. Mrs. Charles Hinkle Mrs. Warder Wyatt and Mrs. Mary Poston have offered their homes, so the ladies can meet and work in the regular surgical dressing class, as these bandages the most needed of the Red Cross supplies. Monday afternoon, Mrs. Chauncey Duncan and Mrs. Warder Wyatt will be in charge of a class at the home of Mrs. Wyatt, 136 East Third street.

At the same time a class will be held at the home of Mrs. Charles Hinkle, 226 West Fifth street, in charge of Mrs. Hinkle and Mrs. Robert Innis, and at the home of Mrs. Mary Poston, 832 North Main street with Mrs. Poston and Mrs. Albert Allen as instructors. All of the ladies are urged to meet at one of these three places and sew Monday.

Through the kindness of Mrs. Wyatt and Mrs. Hinkle, a special order was filled last week, which otherwise would have been indefinitely delayed.

This afternoon in George C. Wyatt's furniture store, representatives from Red Cross gave out hospital garments to women who wished to take them home to make and received garments which had already been completed. Tomorrow afternoon at the same place, representatives from the society will receive knitted articles for the next shipment to be sent out tomorrow. Women having these articles are urged to turn them in tomorrow.

Mr. and Mrs. O. E. Horchins are moving from the property on North Morgan street to the Frazier property, corner of Seventh and Morgan streets.

POET WHO WILL APPEAR HERE FOR BENEFIT OF THE RED CROSS

The recital being given this evening by Nicholas Vachel Lindsay at the court house assembly offers an opportunity for a most pleasant evening and incidentally to give any amount one may wish whether large or small to the local Red Cross society. Mr. Lindsay has had most flattering press notices in the east

NICHOLAS VACHEL LINDSAY

where he has come from, among them an article by the assistant editor of the Ladies Home Journal. In part it reads:

This week-end Philadelphia shelters the blond head and vocal cords of Vachel Lindsay, poet, seer, humorist and ex-tramp. Not the one-time Vachel, however, who hoofed it through the Quaker City on his way to Gotham but the Vachel beloved and honored by the elect of the Muse. Drexel Institute and Wither-spoon Hall and universities and Browning Societies and all the nine-

pae poet has deserved well of the American people it is he. He has marvelously orchestrated and set to a noble ringing music the ideals and passions of this country today. He has seen beauty and tenderness and glory in the ebb and flow of our common days. His fancy, alternately grim and piercing and exquisitely tender, is one of the most precious possessions we have. No man or woman (save, of course, his rival poets) can lay down his last volume, "The Chinese Nightingale," without being thrilled to the marrow.

I. O. O. F. ENDORSES NATIONAL PROHIBITION

Franklin Lodge No. 35 Sends Telegram to Senators Watson and New and Elliott

ALREADY PASSED BY SENATE

The Odd Fellows lodge of this city with a membership of four hundred, has voted unanimously in favor of the national prohibition amendment pending before congress and last night a night letter was sent by telegraph to Senators James E. Watson and Harry S. New and Congressman Richard N. Elliott informing them of the action of the Rushville lodge.

The senate approved the federal dry amendment last session and it only remains for the house to vote favorably on the measure before it may be submitted to the state legislatures for their vote. A two-thirds vote is required to pass the amendment in either branch of congress. The house is expected to take up consideration of the amendment Monday. The telegram sent to the senators and congressmen read as follows:

Four hundred Odd Fellows, Members of Franklin Lodge Number 35 of Rushville, Indiana, by unanimous vote declared themselves in favor of the National Prohibition Amendment now under consideration and will appreciate your support of this measure.

HIGH SCHOOL SINGS TWO ORIGINAL SONGS

At the presentation of the service flag to the high school the senior class, which gave the flag, sang the following original songs:

Tune "Battle Cry of Liberty"

So, here's to all our heroes—loyal and true,
Here's to our teachers and all our school mates too,
And here's to all good soldiers of R. H. S.

For whom this flag stands in remembrance.

Tune, "A Broken Doll"

We were little Juniors just a year ago
We thought there was no more for us to know,
But now that we are Seniors we must admit

That Black and Bain have taught That we are lacking a bit.
They made us work like all good scholars should
They made us stop our stalling and be good
And as they go away we've come here to say
It pays to work in R. H. S.

Tune, "Roaming in the Gloaming"

We're thankful we're Seniors
And we think we're mighty fine
We're thankful for the knowledge That has made us feel sublime
We're a mighty jolly bunch,
And we think that we have a bunch
How we ought to act when we are Seniors.

DISMISS FARE CASE

Indianapolis, Ind., Dec. 14.—The public service commission yesterday dismissed the petition of the Indianapolis Street Car Company which asked that fares be increased to twenty-five cents because of increased costs.

Few Women of Today Work Blindly

Used to be that daughters adhered strictly to mothers' methods of home management. They used certain baking recipes simply because they were favorites of former generations.

Times have changed radically. Colleges and clubs have been established for the express purpose of determining just which baking method and baking materials are best.

Many domestic scientists devote their lives to research and experimental work. They are constantly testing food products. They conduct exhaustive comparative tests. They accept and endorse only such methods and baking processes as have been found superior through scientific measurement of merit. These decisions are given wide publicity. The result is that the housewife of today produces more wholesome and perfect bakings at less cost than ever before.

I have conducted many experiments and have investigated experiments conducted by scores of other domestic scientists. My own work and the decisions handed down by other pure food specialists and domestic scientists—bring out the evidence that the overwhelming majority employ and advocate the use of one special brand of baking powder—which proves once more the old saying that "there is only one best."

I know that this baking powder has won its popularity among experts on merit alone. Because I know that they show no partiality. To obtain their approval a product must possess superiority. And that superiority must cover every phase of baking powder quality of material and action. It must be absolutely sure in results—never fail. It must be perfectly pure—leave no harmful residue in the foods. It must produce the best grade of bakings—cakes, biscuits, etc, that are light, tender and tasty. Finally—it must be a baking powder that is economical in both cost and use.

Calumet Baking Powder is the one baking powder that has won the verdict of superiority and the hearty endorsement of expert domestic scientists—who like myself have proved Calumet's super-excellence beyond dispute. This superiority "sanctioned" as it is by eminent domestic science authorities certainly clearly indicates that Calumet gives the housewife the greatest of Baking Powder value.

Maudie Marie Costello

NOTE—Miss Costello is already well known to most of the ladies of our city. She is of the Domestic Science Branch of the University of Chicago, a graduate of Lewis Institute, Supervisor of Domestic Science in Public Schools, Special Lecturer on Domestic Arts and Economy, Special Lecturer to the Women's Clubs.

We are publishing a series of her most important articles.

Many Rushville People Are Afflicted With Annoying Kidney Ills

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Rushville people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

Taylor M. Loyd, 940 W. Third St., Rushville, says: "My back ached steadily and at times was so weak I could hardly get about. The kidney secretions were first too frequent in passage; then again didn't pass often enough. I used about four boxes of Doan's Kidney Pills which I got at Pitman & Wilson's Drug Store and they did just as recommended, relieving me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loyd had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

I am a little boy nine years old. Please bring me a drum and a soldier suit, a box of tinkers toys, a box of soldiers, candy, nuts and oranges. Your little friends,

DANIEL MITCHELL

P. S. I also will give a dime to help the poor children some toys. (The money has been handed to the Salvation army Christmas fund.)

Dear Santa Claus—

I am a good little boy and I would like for you to bring me red topped boots, a train, automobile, gun and candy. Be sure and don't forget me.

RICHARD HAYDON

Dear Santa Claus—

I am a little girl almost 6 years old. I would like to have a Riewpie doll, go cart, piano, candy and oranges. This is war time and I will not ask for anything else. Be sure and come.

With Love,
Dorothy Timberman,
Glenwood.

Dear Santa Claus—

I am a little boy 8 years old. I go to school every day. I want an American coaster wagon, blocks, some games, candy, nuts and oranges.

Trudy Yours,
LEONARD TIMBERMAN

P. S. Don't forget Uncle Frank Dice. He wants a shot gun to kill bunnies with.

Dear Santa Claus—

Please bring me a set of dishes and a stove and a black board, ten pinks and a trunk and a doll, nuts, oranges and candy.

MILDRED CASADY

Dear Santa Claus—

I am usually a good little girl, and I want a dolly with dark curls and a doll cab for Christmas. Your little girl,

MARGARET DOYLE

Dear Santa Claus—

Please bring me an Erector Number 2, bird blocks, a gray slip on sweater and Red Top boots. Don't forget my little sister, Joanne. Bring her a dolly, please. I am usually a good little boy.

JOEL M. HARROLD

P. S. Don't forget Uncle Frank Lee Endres.

Dear Santa Claus—

I want you to send me a sled and a train of cars and some candy and nuts and oranges and a new suit.

DECK IS CLEARED TO ALL REGISTRANTS

Continued From Page 1

so far as the board here can determine. The regulations provide any registrant in any class below the first may be advanced to class one at his own request—and in case of dependency, with the written consent of the dependents—and inducted into the military service by being sent to the nearest cantonment immediately. Such cases, however, do not count in the current quota, but the selection district receives credit on the quota immediately following.

Since the county received credit on its first quota for enlistments up to June 30 last, the local board is disposed to believe that it will get credit for enlistments from this county since that time on the next quota. This is held to be the only fair means for otherwise the districts with the most patriotically disposed young men would be providing the bulk of the army.

Although covered in the regulations, the state conscription agent has been instructed in bulletins and in turn has informed the local boards concerning provision for the last thirty-five per cent of the first quota.

In order to bridge over the situation of the 35 per cent, the state conscription agent is instructed not only to send questionnaires to the men of this 35 per cent but that they shall hold themselves in readiness to go to mobilization camps at the call of the provost marshal-general. The situation created is that the men of the 35 per cent will hold themselves in readiness until the state of Indiana under the new questionnaire system of selecting the men by classes for the draft call, has chosen enough Class 1 men to equal the 35 per cent quota, according to Mr. Eschbach. Then, if the men of the present 35 per cent quota have not been called to the colors, their responsibility under the original call to the colors will have passed, and the men held under the new regulations as being of Class 1, and therefore amendable to call at once, will take their places.

Mr. Eschbach also has received a telegram to the effect that members of the new legal advisory boards have no power to give legal opinions on questions relating to the draft to exemption boards, their duties being merely to give assistance to registrants in filling out the questionnaires and in preparing necessary affidavits.

Another telegram was received by Mr. Eschbach, in which the President of the United States has directed the military service of local employes of the government who are called for duty.

WILLIAM E. MAXWELL DIES

Resident Business Man Born in Rush County

William E. Maxwell, 57, of Indianapolis who was born in this county and is well known here died at his home in Indianapolis on Wednesday after an illness of several weeks. He was a stockholder in the Parry Manufacturing Company with which he has been connected for the last 25 years. He was born on a farm in this county in 1860 and with his parents, moved to Indianapolis at the age of five. He has visited in this city frequently and is related here.

Mrs. William A. Posey is recovering from the effects of an operation she underwent a few days ago at her home west of the city for the removal of the middle finger on her left hand.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women, as well as men, take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

MARRIED HAPPINESS
RUINED BY QUARRELS

FAMILIES ARE BROKEN UP BECAUSE OF NERVES

Doctors claim a man or woman with a strong nervous system has complete control of happiness.

It is only those who are played out by overwork, worry, excesses, and thoughtless dissipation that are quarrelsome and disappointed in life. Do not condemn them, their nerves are starved, they are depleted of life and energy and no thought is given to supply them with food nerve energy to make them calm, strong and controllable.

The foolish waste of nerve force turns a cheerful happy person to the grouchy that accounts for so many separations.

Nature requires aid and Phosphated Iron is necessary in such conditions of nervousness, because it contains the vital elements of iron

and Phosphorous and powerful vegetable extracts, the very "food help" the nervous system must have if we are to correct degenerate muscles, that sleeplessness and tired all in feeling, lack of energy, ambition and cheerfulness.

Phosphated Iron gets at the root of these troubles because it feeds the blood and nerve centers, it does this naturally and persistently, and cannot fail to strengthen, your vitality, energy and renew the efficiency of body and mind.

Special Notice—To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not allow dealers to give you tablets or pills. PIT-MAN & WILSON and leading druggists everywhere. Rushville, Ind. (Adv.)

IN COUNCIL TODAY

Sectional Meetings Feature State Meeting of Council of Defense in Indianapolis

ADE MEETS WITH EDITORS

Food Administrators Meet With Barnard and Fuel Men With Woollen, Administrator

Indianapolis, Ind., Dec. 14.—The second day's conference of Indiana war workers today was given over to divisional conferences.

Editors of the state met in the Riley room of the Claypool hotel. George Ade, chairman of the publicity committee of the state council of defense presided. George Creel, chairman of the committee on public information delivered the principal address. Other speakers were Harry Martin, Martinsville, president of the State Editorial association and H. B. Wilson, Delphi, president of the democratic editors association.

Representative of county defense councils met at the state house to hear addresses by J. A. B. Scherer, representative of the national defense council and Will Hays, chairman of the state council. Discussion of work to be done by the county councils followed the speeches.

County food administrators met at the same time with H. E. Barnard state food administrator. Franklin J. Ford of New Jersey delivered the official message to the food men from Herbert Hoover. Dr. Barnard told the food administrators that they must take further steps toward conserving the meat and wheat supplies. Other addresses were made by Mrs. Richard Edwards, Peru; Harry Wheeler, Federal food administrator for Illinois; and George W. June, Indianapolis, chairman of the hotel and restaurant division of the federal food administration. Late this afternoon there was a conference of county merchant representatives with Myer Heller of Newcastle, president of the Indiana Retail Merchants' association.

Those in charge of the county fuel work met with Evans Woollen, state administrator of fuel.

The women's division of the defense councils met in the Y. M. C. A. buildings with Mrs. Anne Studebaker Carlisle of South Bend as chairman. Miss Julia Lanthrop, chief of the United States children's bureau, spoke.

Other divisional meetings held were: medical division; educational, under Dr. Horace Ellis, state superintendent of public instruction; public morals and church federation; military affairs; food production under G. I. Christie, of Purdue University; speakers' bureau, public service reserve division; boys working reserve; war saving certificate; fraternal order; and community war service board division.

REO

For the Professional and Business Man

THE FOUR CYLINDER REO Roadster is ideal for that constant service required by the man who uses his car several times every day.

SUCH A CAR MUST be ready and on the job all the time. It must be absolutely reliable in performance, and as free from mechanical faults as it is humanly possible to make it.

AND ABOVE ALL the upkeep must be low—for when one drives a car steadily, the gasoline and tire and repair bills are more apparent than in the case of a car used mostly for pleasure, and therefore intermittently.

MORE REO ROADSTERS are in service in hands of professional and business men—Doctors, Lawyers, Contractors, Salesmen, Solicitors, Overseers, etc.—than of any other make of similar size and price.

AND THAT IS BECAUSE of the wonderful sturdiness and the low upkeep of this Reo.

IT IS EASILY and readily manipulated through the densest of traffic. Switches, spark and throttle control are mounted on the steering column and so within handy reach of the driver in his natural driving position.

THE REO ONE ROD control, too, is the simplest and most convenient for the shifting of gears.

EQUIPPED WITH Reo-Remy starting, lighting and ignition system—than which none is better—it is a complete and efficient Roadster ready at all times for instant use.

FOR FALL AND WINTER months you can have it equipped with the convertible coupe body. Price so equipped is \$1160.

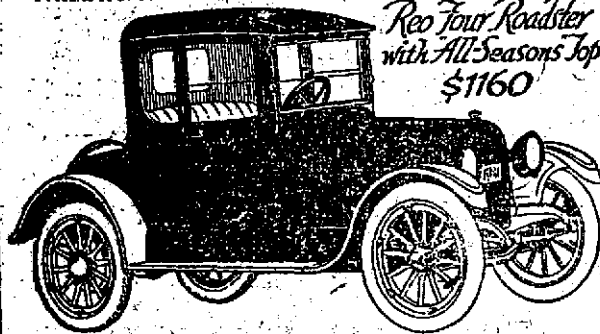

WHERE ELSE CAN YOU, for that price, obtain such a classy Roadster, and one with a Reo reputation?

WE'VE BEEN UNABLE until recently, to fill orders on this model. But they are coming faster now—so if your order is in at once, we can promise you a reasonably early delivery.

MENTAL CASES OF WAR DISCUSSED

Indiana Society For Mental Hygiene Holds Meeting Today With Good Talks

AUTHORITIES ARE THERE

Mental Health in Relation to Home, School, and Community Are Discussed

(By United Press.)

Indianapolis, Ind., Dec. 14.—The Indiana Society for Mental Hygiene and the state committee on treatment and care of mental defectives held a joint session here today, giving special attention to the problems for care of defectives arising out of the war.

The meeting was called by T. F. Fitzgibbon of Columbus on the part of the Society for Mental Hygiene and the Rev. Francis H. Gavisk for the mental defectives committee.

Will H. Hays, chairman of the state council of defense and presided at the first meeting this morning. The topic of "Mental Health and the War" was discussed by F. E. Williams, associate director of the national committee on mental hygiene; Dr. Charles P. Emerson, Indianapolis; Dr. S. E. Smith, Richmond; Dr. J. W. Milligan, North Madison; Eugene C. Foster, Indianapolis and Mrs. Hester Moffett, Elwood.

Miss Jane Griffiths, field secretary of the national committee on provision for the feeble minded, spoke this afternoon. Discussion of "Mental Health as a Home and School Problem," followed. Those participating were Mrs. Albion Fellows Bacon, Evansville; Mrs. S. C. Stimson, Terre Haute; Horace Ellis, Indianapolis; O. M. Pittenger, Frankfort; W. F. Book, Bloomington; Lee Driver, Winchester and Mrs. Emma Payne, Vincennes.

"Mental Health as a Community Problem," will be taken up at the closing session tonight.

SCHOOL CHILDREN HELP SELL SEALS

Auxiliaries Over County Selling Seals Are Co-operating in Making Campaign Success

SALE IN STORES TOMORROW

The school children are aiding materially in making the Red Cross seal campaign one whose success has been unprecedented in this county. At one recess the children at the Jackson school purchased over five dollars worth of seals. The children in the Graham Annex and Graham school were sent 600 stamps, they sold all of those and called for 400 more, making a total of ten dollars from the two schools. It is probable the sale of seals in the high school will be in charge of the high school girls' organization for war relief.

Seals have not yet been taken to the other schools of the city but the sale will be made there in the near future. Some of the children purchase seals and keep them, others voluntarily buy them and make a canvass, selling them.

Over the county the campaign is also being successfully carried on. Mikroy sold all of the seals sent to that auxiliary of Red Cross and has sent for more as have several other auxiliaries. In some points of the county, the sale has been rather slow and the persons in these quarters are urged to push the campaign for the time for it to end is only ten days off.

Tomorrow, high school girls, dressed as Red Cross nurses will be in many of the downtown stores selling the seals. Shoppers are urged to buy their supply then if they have not already done so.

SEES LOCAL BOYS IN FRANCE

Raymond Colestock Meets Friends in Army Camp

Mrs. John Colestock has received the second letter from her son Raymond in France who is with the American Expeditionary forces saying he has seen four Rushville boys since he arrived. He only mentioned the names of Tom Saunders and Travis and said that all of the Rushville boys he had seen were well and happy. Although Mr. Colestock did not mention the name of the place where he was stationed, he said it was near a small village in France. He met the local boys while in camp one night with a crowd of soldiers.

ACME Worm Bouncer

To my customers: On account of the increased cost of manufacture, I was compelled to advance the price on ACME WORM BOUNCER October 29th, 1917, and the following prices are now in force:

50 lb drums	\$ 4.75 each
100 lb drums	9.25 each
150 lb drums	14.00 each
300 lb lots	28.00 each
500 lb lots	42.50 each
1000 lb lots	81.25 each

Self Feeders will be shipped free with the first orders as follows:

One Self Feeder free with	150 lb drums
Two Self Feeders free with	300 lb lots
Three Self Feeders free with	500 lb lots
Three Self Feeders free with	1000 lb lots

Above prices are subject to a cash discount of 2% 15 days. ACME WORM BOUNCER is now fed at the small cost of 64c per month. Hogs must be fed something to expel and prevent free intestinal worms and the Cholera which is caused by them. It does not take many worms to eat up 64c worth of feed of these prices. ACME WORM BOUNCER will expel the free intestinal worms from hogs, horses and sheep (if they have any), WILL POSITIVELY PREVENT THOSE WORMS and prevent over 90% of the hog Cholera which is caused by them, keep the bowels just right, the appetite good, and place the hogs in such condition that they will make the most of the feed and care given them. ACME WORM BOUNCER is honest goods at honest prices, and only remedy fed successfully in Self Feeders.

During the years ACME WORM BOUNCER has been fed, I do not know of a single customer who has fed ACME WORM BOUNCER for 30 days and continued to feed it and thereafter lost hogs with Cholera. You must feed your hogs something. Then why not feed a remedy which will positively produce these results? — and the results you must produce in order to make hogs pay.
